

# Atic-Flox Genotyping Protocol

|                  |           |          |               |
|------------------|-----------|----------|---------------|
| Common Name      | Atic-Flox | Cat. NO. | NM-CK0-232328 |
| Strain of Origin | C57BL/6J  | Version  | V1            |

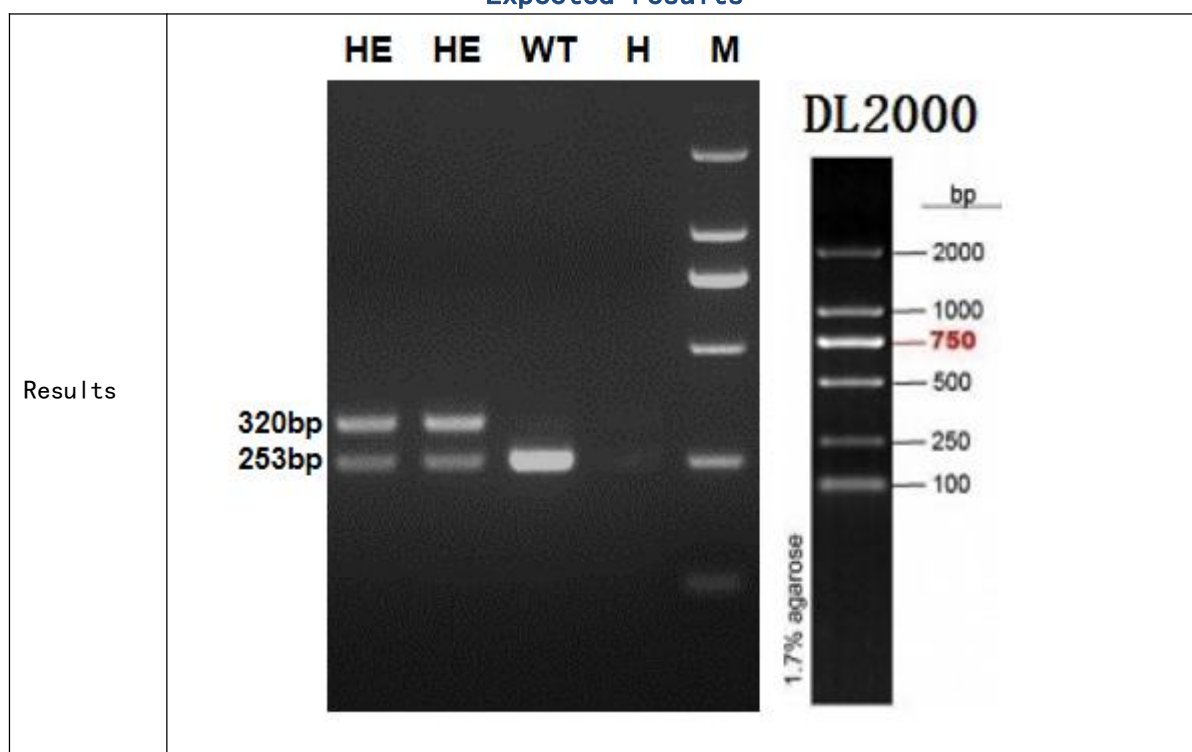

### Genotyping strategy

### Primers

| Primer | Sequence (5' → 3' )     | Primer type |
|--------|-------------------------|-------------|
| P1     | CACACTTGAATACAGTGTTACCC | Forward     |
| P2     | CGGAATGTAGGTGCCAGGAA    | Reverse     |

### Expected results

|          |                                                                                                |
|----------|------------------------------------------------------------------------------------------------|
| Genotype | Wild type: P1P2 =253 bp;<br>Heterozygote: P1P2 =320 bp and 253 bp;<br>Homozygote: P1P2 =320 bp |
|----------|------------------------------------------------------------------------------------------------|

### Reaction &Cycling

|                           |                                                         |       |        |                 |
|---------------------------|---------------------------------------------------------|-------|--------|-----------------|
| PCR<br>Reaction<br>System | Reaction Component                                      |       |        | Volume (μl)     |
|                           | ddH2O                                                   |       |        | 8.0             |
|                           | 2×Taq Plus Master Mix                                   |       |        | 10.0            |
|                           | P1 (10 pmol/μl)                                         |       |        | 0.5             |
|                           | P2 (10 pmol/μl)                                         |       |        | 0.5             |
|                           | Genomic DNA                                             |       |        | 1.0             |
|                           | Total                                                   |       |        | 20              |
|                           | 2×Taq Plus Master Mix from Vazyme (Code Number: P222-1) |       |        |                 |
